PROFESSIONAL SUMMARY

Frontend Engineer with 4+ years of experience building responsive, scalable, and high-performance web applications using React.js, Next.js, JavaScript, and WordPress. Skilled at converting Figma and PSD designs into pixel-perfect, production-ready interfaces and integrating REST APIs for dynamic functionality. Delivered projects for international corporate and B2B clients, with a consistent focus on clean code, responsive design, SEO best practices, and user experience. Quick to adopt modern tools and frameworks to deliver reliable, maintainable solutions.

PROFESSIONAL EXPERIENCE

Senior Frontend Engineer

SoftNox Technologies Pvt. Ltd. | Aug 2022 – Present | Karachi

- Developed and maintained multiple production-level web applications using React.js and Next.js for international clients.
- Converted Figma designs into responsive, pixel-perfect user interfaces, reducing design-to-development handoff time.
- Integrated REST APIs to power dynamic, data-driven application features.
- Built reusable, well-structured React components following clean architecture and coding best practices.
- Implemented UI using Tailwind CSS, ShadCN UI, Material UI, and Ant Design to match design systems consistently.
- Optimized application performance and responsiveness across desktop and mobile devices.
- Collaborated with designers, backend developers, and QA teams to deliver projects on schedule.
- Managed version control and collaborative development using Git, GitHub, and Bitbucket.

Senior WordPress Executive

Logicose | Feb 2022 – Jun 2022 | Karachi

- Developed and maintained multiple WordPress websites for international clients.
- Managed website hosting, cPanel, GoDaddy, and deployment tasks.
- Improved website performance and Core Web Vitals, including CLS scores, for client brands SearchBerg and ContentDevelopmentPros.
- Collaborated with SEO and content teams to enhance website visibility and search performance.

Junior WordPress Developer

PNC Solutions | Jun 2021 – Feb 2022 | Karachi

- Converted PSD designs into fully responsive, custom WordPress themes.
- Developed custom WordPress plugins and extended website functionality.
- Built SEO-friendly, mobile-responsive websites for client projects.
- Maintained existing websites and resolved technical issues.

Junior Web Developer

Services4Digital | Aug 2020 – May 2021 | Karachi

- Developed responsive websites using HTML5, CSS3, JavaScript, Bootstrap, and jQuery.
- Assisted with Laravel backend development and database integration.
- Supported website maintenance, bug fixing, and feature implementation alongside senior developers.

KEY PROJECTS

- Corporate & B2B business websites — design-to-development delivery for international clients.
- React.js dashboards with REST API integration for data-driven interfaces.

- Next.js web applications focused on performance and SEO.
- WordPress business websites with custom themes and plugins.
- Landing pages and admin dashboards built with reusable component architecture.
